A wide-angle photograph of a modern building's exterior. The building features a large glass facade with a grid of vertical and horizontal frames. A prominent feature is a long, overhanging roof supported by several white, cylindrical columns. The building is set against a clear blue sky. In the foreground and surrounding the base of the building are numerous green trees and bushes, creating a lush, landscaped environment.

A diagram consisting of two vertical columns of rectangles. The left column contains five rectangles of equal height. The right column contains four rectangles, with each rectangle being slightly taller than the corresponding one in the left column. The columns are positioned side-by-side.
